C.CRANE

Annual Catalog 2022

"Travel is fatal to prejudice, bigotry, and narrow-mindedness, and many of our people need it sorely on these accounts. Broad, wholesome, charitable views of men and things cannot be acquired by vegetating in one little corner of the earth all one's lifetime."

– Mark Twain, The Innocents Abroad

800-522-8863
ccrane.com

From Bob

After the past year in various stages of lockdown, we're excited to see some light at the end of the pandemic tunnel and get out and explore some more. It kind of feels like the dawn of travel again, which is what inspired this year's cover. The 1869 Mark Twain quote has been a favorite of mine since reading *The Innocents Abroad*. I've been fortunate to have traveled much of the world and radio has been with me every step of the way. Even recently, I found some new listening on Airband with our SSB radio while using the FlightRadio24 app on a smartphone. You can listen to pilots while learning the departure city, type of plane and destination.

You probably have not noticed but Jessica Crotty has been running and growing C. Crane for a few years. She has been with C. Crane for over 25 years and will be taking over as CEO. Jessica is highly qualified and superb with customer and company relationships. She understands how important radio is to listeners.

I will remain as a minority owner of C. Crane and continue inventing and developing new products crafted with excellence by our great crew to bring you joy. I personally thank you for your great support over many years and will endeavor to continue for many years to come . . . it's not what I've done but what I do today to help others. It's wonderful to step back a little and only do what I really love and spend more time with my family and friends.

Additional News

We never like to raise prices. There have been increases in raw materials, transportation and scarcity of components which are all contributing factors in this decision. We've done our best to keep the price increases to a minimum and keep the same quality and service you deserve.

Bob and Sue Crane

NEW RADIO!

Bluetooth®

CC WiFi 3 Internet Radio with Skytune

The CC WiFi 3 is remarkable for listening to a clear signal from your favorite station and have the ability to find new ones. With the vast selection of stations on the new CC WiFi 3 you can be assured you will discover radio shows you love. Search for the type of music you like or for news stations from all over the world. There are about 1000 free rock, jazz and talk shows **each** to choose from! You can go to: *Skytune.net*, click on the “Radio” header to be sure they carry your favorite station or host.

The WiFi receiving range is the best we have tested because of the included 5dBi external antenna. If your location is still too far away, then our long-distance Parabolic Power Antenna available at: *ccrane.com/parabolic* may be the solution.

Features: Bluetooth® receiving, alarm, sleep timer, 100 presets, 5dBi external antenna (included), an adjustable equalizer, adjustable backlight, stereo headphone jack and line out, **full size remote control:** 2 “AAA” battery (not included). Runs on a 5V AC adapter (included).

Our US-based technical support can help you with any questions. Two-year limited parts & labor warranty. **Note: The CC WiFi 3 does not come with an Ethernet port.** Uses Skytune.net technology. C. Crane has no control over content or the stream provider for internet radios and is not responsible for Internet radio programs or availability.

Weight: 1 lb 2.6 oz

Size 6.5” W x 3.9” H x 3.9” D

Item # CWF3 Radio $119.99

CCRadio Solar

Digital AM/FM NOAA Weather with Alert, Solar Windup Emergency Radio with Built-in LED Flashlight

The CCRadio Solar is a small digital portable radio that is successful as an emergency radio but the form and function invites you to use it daily. Placed in a sunny window it's perfect for the morning news. Audio is a surprise; it's accurate, pleasing and has two modes. A miser mode to conserve battery power in a true emergency and a high-power mode for an even better audio experience. Reception is good for the size. The almost brick size depth and unique UV resistant rubber perimeter is concave on the bottom which makes it inherently stable. The flashlight is above average in brightness and color because of the selected high-quality LED. The hand crank folded and inlaid in the back is the only visible clue that it's an emergency radio.

The **included lithium-ion battery** can be recharged by wind-up, solar panel, your USB port or optional AC power adapter (not included). When the lithium-ion battery is fully charged, the radio will run more than 50 hours or charge your phone from the approximately 50% level to 100% level. It can also be powered by (3) "AA" alkaline batteries (not included) for approximately 50 hours in low power mode or 35 hours in high power mode.

Features: Lighted dial, clock, alarm, sleep timer, 5 one-touch memory presets per band, line in jack, stereo headphone jack, 1, 9 and 10 kHz tuning, Micro USB input charging port, USB out port (for phone charging), and built-in LED flashlight. USB to micro-USB charging cable included. Patent Pending

Weight: 1.1 lbs.

Size: 6" W x 3" H x 2.25" D.

LEFT SIDE

CC SOLAR OBSERVER

AM/FM NOAA Weather Solar Windup Emergency Radio with Built-in LED Flashlight

The CC Solar Observer is a simple, affordable and efficient radio with enhanced reception and audio performance. It can be powered in four different ways and in a pinch can charge many different USB type devices including cell phones.

“This emergency radio was born in 1992 when we experienced three large earthquakes in Northern California. All services were overloaded, and electricity was browned out. We vowed to make a good emergency radio so that we would never be in this situation again”. *Bob Crane*

The radio can be powered by wind-up, solar panel, (3) “AA” alkaline batteries (not included), or optional AC power adapter (not included). Runs for approximately 60 hours on a fresh set of alkaline batteries at moderate volume. **Included is a rechargeable and replaceable battery pack and USB port adapter for phone charging.**

Features: Lighted display, carry handle and stereo headphone jack.

Weight: 1.5 lbs. (without optional batteries).

Size: 7.25” W x 5.5” H x 2” D.

Item # COBS Radio $59.99
Item # OBA AC Adapter (optional) $14.99

AVAILABLE IN TITANIUM COLOR

CCRadio 2E

Portable Clock Radio with Long-Range AM/FM NOAA Weather + Alert and 2-Meter Ham Band

The purpose of the CCRadio 2E is to make weak signals strong and to produce accurate audio for the spoken word. AM performance comes from our Twin Coil Ferrite® AM Antenna. Traditional FM reception is exceptional in its ability to bring in a weak station clearly. The audio of this enhanced version can be adjusted for an accurate warm voice rendition, along with good musical performance.

This radio also has the NOAA Weather Band and Alert along with the 2-Meter Ham Band. More information about the 2-Meter Ham Band can be found at: *ccrane.com/2-meter.*

Features: Clock, alarm, sleep timer, 5 one-touch memory presets per band, line in/out jacks, stereo headphone jack, 1 and 10 kHz tuning, external AM antenna screw type balun terminals and NOAA weather alert. Runs on **included AC power cord** or 4 “D” batteries (not included). Runs approximately 250 hours at moderate volume level with the display light off.

Weight: 4 lbs. (without optional batteries).

Size: 11” W x 6.5” H x 4” D.

Item # CC2BE Black Mica color $179.99
Item # CC2TE Titanium color $179.99
Item # CA3 CCRadio 2E / CCRadio 3 Carry Case $39.99

CARRY CASE

Bluetooth®

CCRadio 3
Great for Streaming Audio

Like its predecessor, the CCRadio 3 has exceptional long-range reception of AM/FM stations along with NOAA weather and 2-Meter Ham Band emergency capabilities. With the addition of Bluetooth®, the CCRadio 3 can receive an immense variety of radio shows from any smart speaker that pairs with Bluetooth. When listening to a streaming show via Bluetooth, you can use your smart speaker app to switch stations . . . silently.

The audio of the CCRadio 3 sounds like the radio host is sitting next to you. Separate bass and treble knobs can be adjusted to your preferred pitch. If you listen primarily to voice content, the CCRadio 3's audio is arguably worth the price alone. We have reorganized a few buttons so you can now toggle between AM and FM bands easily.

Features: Clock, alarm, sleep timer, 5 one-touch memory presets per band, Bluetooth receiver, line in/out jacks, stereo headphone jack, 1 and 10 kHz tuning, external AM antenna screw type balun terminals and NOAA weather alert. Runs on **included AC power cord** or (4) "D" batteries (not included). Runs approximately 250 hours at moderate volume level with the display light off. Available in Black Mica color only.

Weight: 4 lbs. (without optional batteries).

Size: 11" W x 6.5" H x 4" D.

Item # CC3B Radio $209.99
Item # CA3 CCRadio 2E / CCRadio 3 Carry Case $39.99
Item # TWIN AM Antenna $119.99 (See page 13).

⚠ WARNING: Cancer and Reproductive Harm. www.P65Warnings.ca.gov

CC SKYWAVE™ SSB

With AM, FM, Shortwave, NOAA Weather + Alert, Scannable VHF Aviation Band and Single Side Band

One of the smallest multiband radios with Single Side Band. The Skywave SSB makes a good travel and emergency radio with its extensive and accurate band coverage.

Single Side Band is a reliable way to get long range information, including FEMA after an earthquake or hurricane, when normal communications such as internet, phone or satellite are down. Single Side Band is not available on your smartphone which makes it the ultimate off the grid backup communication format. It also covers civilian aviation VHF. Ten aviation memories can continuously be scanned for activity. **Included is a portable CC Shortwave Reel Antenna, high-quality *original* CC Buds™ and a faux leather carry case.**

Features: Rotary volume dial, stereo headphone jack, clock, alarm, 400 memory presets, adjustable squelch and lighted LCD display and 9/10 Khz tuning. Runs on (2) “AA” batteries (not included) for approximately 60 hours or 70 hours on earbuds. An optional 5V AC Adapter with mini USB tip (not included). It has a simple timed battery charger for optional “AA” NiMH rechargeable batteries.

Weight: 6.0 oz. (without optional batteries).
Size: 4.75” W x 3” H x 1.1” D.

U.S. Patent #D 863,251 S

Item # SSB Radio $169.99
Item # SSBP AC Adapter $14.99

For more information about Single Side band at: *ccrane.com/ssb*

Tip for SSB: Daytime Listening: During the daytime most activity will normally be on the higher frequencies like 10-30MHz (30, 20, 17, 15, 12 and 10 meter ham bands). The exception is that you will often hear stations within 600 miles or so on 40 meters (7-7.300MHz) in the daytime, especially on weekends and holidays when more hams are on the air.

⚠ WARNING: Cancer and Reproductive Harm. www.P65Warnings.ca.gov

CC SKYWAVE™

With AM, FM, Shortwave, NOAA Weather + Alert and the VHF Aviation Band

The CC Skywave can help you discover local culture when traveling to a new city or country. It covers all the AM/FM and Shortwave bands worldwide. The reception, audio and durable build are what this radio excels at. The Skywave has an intuitive layout so it's easy to use. Incoming radio signals can be manipulated to reduce interference.

When your flights are delayed it can be imperative to find out what's going on. The Aviation Band lets you listen in on nearby pilots, air traffic controllers and ground crew. English is the standard language used in aviation worldwide.

Included are the high-quality *original* CC Buds™ for your listening pleasure, a carry case and hand lanyard for walking.

Features: Rotary volume dial, voice/music tone control, stereo headphone jack, clock, alarm, sleep timer, 400 memory presets, fold-out back stand and 9/10 kHz tuning. Runs on (2) "AA" batteries (not included) for approximately 70 hours or optional 5V AC Adapter with mini USB tip (not included). It has a simple timed battery charger for optional "AA" NiMH rechargeable batteries.

Weight: 6.0 oz. (without optional batteries).

Size: 4.75" W x 3" H x 1.1" D.

Item # SKWV Radio $89.99
Item # SKWVP AC Adapter (optional) $14.99
Item # CCSWA SW Reel Antenna $14.99

CC POCKET

With AM, FM and NOAA Weather + Alert

We combined ease of use, good reception and sharp well-defined audio together in this little jewel of a radio. You can listen from the built-in speaker or the **included high-quality *original* CC Buds™** tuned for superior voice clarity and music.

It has five one-touch memory “car radio” type buttons for each band and stands upright when needed. Rubber coated sides help with grip. Lock switch to prevent accidental on/off or station changes.

Features:
- Display light, sleep timer, clock and alarm, belt clip, stereo headphone jack
- FM stereo or mono switch and reception indicator
- NOAA Weather with Alert (disables AM/FM radio while activated)
- 30” FM antenna wire included
- 1, 9 & 10 kHz tuning steps

Runs 80 hours on (2) “AA” batteries (not included) and 100 hours with earbuds.

U.S. Patent #D 719,130 S

Weight: 3.8 oz. (without batteries).

Size: 2.5” W x 4.25” H x 1” D. One-year limited warranty.

CCRadio-EP PRO

High Performance AM/FM Portable Analog Radio Built for Simplicity

The portable CCRadio-EP PRO could be considered a super radio. It's built for ease of use and outstanding long-range AM with our C. Crane Twin Coil Ferrite® AM Antenna. The dial accuracy and frequency stability of the EP PRO is superior to our original EP model. A new tuning light lets you know when you are exactly on the station.

The EP PRO has separate bass and treble adjustment for accurate and lively voice reproduction. A large, 5-inch speaker is combined with a hi-fidelity amplifier. AM programs can be adjusted to sound similar to FM because of a "Wide/Narrow" enhancement switch and the fine-tuning control of the Twin Coil Ferrite Antenna. FM reception is excellent with full rich audio.

Features: Lighted tuning dial, flip up carry handle, line in, 9 and 10 kHz tuning switch, FM mono/stereo switch, line in jack and stereo headphone jack. External antenna connections included, spring clips for AM and "F" connector for FM. Runs on **included 6V AC adapter** or (4) "D" batteries (not included). Runs for approximately 175 hours on a fresh set of alkaline batteries at moderate volume with the display light off.

Weight: 4.5 lbs. (without optional batteries).

Size: 11.4" W x 7.3" H x 2.75" D.

Item # CEPRO Radio $99.99

gracedigital Mondo Elite
WiFi Internet Radio

Memorize up to 100 stations and have instant access across platforms from iHeartRadio®, NPR®, Audacy™, BBC®, SHOUTcast®, Live365®, Pandora®, Amazon Music (Prime and Unlimited) and more! Works with SiriusXM® if you have a subscription (sold separately by SiriusXM)! Podcasts are available and it is possible to add your own. When purchased from C. Crane it comes with C. Crane's U.S. based technical support. Access to over 100,000 internet radio stations through built-in apps.

Features: Bluetooth®, Chromecast®, USB input, UPnP, clock, 5 alarms, sleep and snooze timers. Large 3.5" full color display with backlight. Full size infrared remote. Stereo headphone jack and line out jacks. Smartphone powerbank. Runs on AC adapter (included).

Weight: 2.5 lbs. Size: 10.1" W x 6.1" H x 4.25" D.

Portable Use Option: Rechargeable Lithium-ion battery pack. Allows up to 6 - 8 hours of listening on a full charge at moderate volume.

Item # GME Mondo Elite $199.99
Item # GMEB Battery $39.99 (Portable Use Option)
Item # GMEE Ethernet adapter $19.99

FM TRANSMITTER 2

Use the attached cable to connect to a headphone jack on your smart speaker, phone or television to send near-broadcast quality audio to any nearby radio or stereo system, or to host a parking lot church service or a driveway socially distanced concert.
ccrane.com/fmtransmitter

Maximum distance of about 45 feet line of sight with no obstructions. Broadcast distance will vary depending on your location (for more information, Google: *ccrane fm transmitter-2*). Choose any unused FM frequency between 88.3 MHz and 107.7 MHz.
Runs on two (optional) "AA" batteries (for portable use). **AC adapter, 6" dual RCA plugs to 1/8" stereo jack patch cord (included).**

Pat. #US D483,024S.

Weight: 5.8 oz. (without optional batteries).
Size 3" W x 3.5" H x 1" D.

USE IT WITH ECHO DOT®

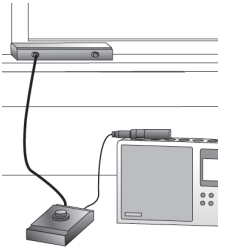
Item # FM2 Transmitter 2 $69.99

⚠ WARNING: Cancer and Reproductive Harm. www.P65Warnings.ca.gov

Twin Coil Ferrite® AM Antenna Signal Booster

Capture AM like Never Before

The Twin Coil Ferrite® AM Antenna is ideal for improving most AM radio reception problems. The antenna will reduce 90% of nighttime fade out and help reduce static and distortion. It can double the audio clarity of any weak station during the day.



The antenna is designed to work with everything from portable radios without antenna connectors to home stereos with wire antenna terminals. The weather resistant antenna element, is capable of picking up a clean signal, some distance from your radio and help override some of the static. It has directional characteristics, by rotating the antenna element in a window or outside you can improve the signal strength.

Patch cords, antenna, tuner, ferrite stick, mounting hardware and AC Adapter are included.

Runs on included AC Adapter or 9V battery (not included).

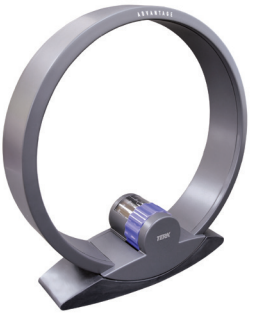
Tuner Size: 3.25” W x 4.3” H x 1.4” D. Weight: 4.5 oz. (72.5 inch patch cord included). **Antenna Element Size:** 8.6” W x 2.5” H x 1.5” D. Weight: 8.5 oz. (75.5 inch patch cord included).

Item # TWIN Antenna $119.99
Item # T25 25’ Cable $19.99

AM Tip: If a station is a 500-watt station across the country, no amount of reception tips will help you receive this signal. If the station streams on the Internet, you may be able to access the station with the CC WiFi 3 (Page 3) or the Mondo Elite (Page 12). You could also get an Amazon Echo® and pair it with our new Bluetooth® enabled CCRadio 3 and get the best access of both worlds. You can call us or email questions to: *CustomerService@ccrane.com.*

⚠ WARNING: Cancer and Reproductive Harm. www.P65Warnings.ca.gov

TERK® Indoor AM Antenna



Loop antennas have been used for 100 years and work extraordinarily well with any portable AM radio. No power is needed. You fine tune it by ear.

Place the TERK antenna near your AM radio (through a process called inductive coupling). It takes a few minutes to find the sweet spot for best performance (see drawing below). It increases signal strength significantly, but it will likely not help with static type noise.

The TERK comes with a 6.5' wire with twin leads so you can connect it directly to your stereo or radio.

It easily outperforms any of the smaller untuned antennas normally included with a home stereo system.

Size: 9.25" H.

Item # TR1 Antenna $49.99

AM Tip: If the problem is noise, try the radio on batteries and move around your home to see if you can find the source of the static or buzzing. For more detailed AM reception tips please visit: *ccrane.com/radionoise*

FM Reflect-2 Dipole Antenna

The new FM Reflect-2 is a modern solution to a standard dipole antenna design. It performs just as well, if not better, plus its appearance is a marked improvement. With its increased flexibility and simple installation, the FM Reflect-2 can be easily and neatly shaped into various positions for the best FM reception. Small holes are located at the mounting points so push pins or small nails are all you need for mounting.

It comes with multiple adapters that work with the vast majority of stereo receivers and other radios. We included a standard male "F" coaxial connector for stereo receivers, plus a 3.5 mono plug adapter for some popular tabletop receivers. For the experimenter with a portable radio, there is an "F" female wire terminal connector (spade) and an alligator clip for attachment to a telescopic antenna.

Size: 55.2" element with a 99" feed line.

Item # FMR2 Dipole Antenna $14.99

⚠ WARNING: Cancer and Reproductive Harm. www.P65Warnings.ca.gov

Over The Earphone
Listen without Blocking Out the World

The Over The Earphone speaker looks unusual but it is comfortable, durable and has good voice audio quality. We have some law enforcement and news program listeners who use it for steadfast listening where comfort is a concern, along with still being able to hear when someone talks. 1/8" (3.5mm) stereo tip plug. 5' cord.

ORIGINAL SOFTSPEAKER™ PILLOW SPEAKER

This Pillow Speaker has Saved a Marriage or Two ...

The SoftSpeaker is the first pillow speaker designed not just to go under your pillow. It can sit right on your pillow, closer to your ear, so only you can hear it. We started manufacturing pillow speakers over 20 years ago and realized they break more often than one would think. We took up the quest to design a better sounding, longer lasting Pillow Speaker. Our design uses a high-quality wire and a very flexible rubber protective outer cover to help improve the longevity. To stand behind our designs, we offer a one-year limited warranty on all earphones.

VOLUME CONTROL - SOFTSPEAKER-2

The SoftSpeaker-2 has an in-line volume control so you don't have to reach for your radio or phone to control the volume. Both speakers offer the perfect combination of comfort, privacy and quality. Plug the speaker into the headphone jack of any radio or smart phone, put it on your pillow and enjoy some of the highest music and voice fidelity available.

U.S. Patent #D 874,441

Size: 2" Dia., 6.5' cord with 1/8" (3.5mm) stereo plug.

Removable, teddy bear soft washable cover.

Item # PS2 SoftSpeaker $22.99
Item # SSV SoftSpeaker-2 with Volume Control $24.99

RIGHT SIDE

SOFTSPEAKER™ 3K AMPLIFIED Pillow Speaker with Kevlar®

Listen Easier

The SoftSpeaker 3K amplifies audio from modern devices where the volume is sometimes too low such as Smartphones, iPads®, Kindles® and Chromebooks®. It can also compensate for some common hearing loss*. May also help insomnia with white noise and in some cases, tinnitus by adding background audio.

It is larger and softer than our other pillow speakers for more comfort. A stereo signal is fully combined so there is no drop-out loss from the right or left channel. A neodymium magnet speaker provides superior clear audio. The tone control switch can be set for voice or music. A rotary wheel adjusts the volume control. It delivers high quality audio, up to three times louder than a non-amplified pillow speaker. Reinforced **Kevlar®** cord between speaker and In-Line control box for maximum durability.

The SoftSpeaker 3K works with any device with a 1/8” (3.5 mm) stereo headphone jack or line out. Also works with dongle adapters. The automatic sleep timer can be set to 1, 4 or 8 hours and it remembers your preference to save batteries. Runs on (2) AAA batteries (not included). Battery life is about 80 hours when using the “Voice” setting; built-in battery level checker.

Note: You may need to lower the volume on your host device to eliminate distortion.

U.S. Patent #D874,441 and #D878,324 S

Size: Pillow is approximately 3” W x 4” H x 1” D. Amplifier approximately 1” W x 3” L x 3/4” D. Total cord length 6.5’ with volume control at 2 feet.

Item # PS3K SoftSpeaker 3K $39.99

* We do recommend you see a professional audiologist for a hearing test and recommendations.

CC BUDS™ PRO

The CC Buds Pro are designed to help you hear the spoken word – whether you're listening to storytelling, news radio, podcasts or audiobooks. The majority of high-quality earbuds are built for music and have enhanced bass response, making words more difficult to hear. Our CC Buds Pro have accurate bass that's similar to studio monitor type bass, but not booming, and are designed for voice clarity.

Included is a carry pouch and three sets of small, medium and large covers in comfortably soft silicone and compressible foam*. The foam covers provide enhanced bass and noise isolation. 1/8" (3.5mm) stereo plug for anything with a headphone jack. 4' cord with strain relief.

Item # CCBUDSPRO $19.99 (Buy 2) and get third one free.
Item # CCBUDSMIC (With Mic and inline volume control) $19.99 (Buy 2) and get one free.

CC BUDS™ SOLO

Single Earbud Optimized For Voice

The CC Buds™ Solo single earpiece provides a unique advantage over traditional earbuds. It allows you to interact better with others while listening to radio, podcasts or audiobooks. The integrated stereo to mono plug works with smartphones, radios, tablets and most other audio devices.

The Solo can give you a safety advantage when running, biking or walking because you are more likely to hear if danger approaches. **The cable is Kevlar® reinforced for maximum durability.**

Audio is tuned for superior voice clarity. **Included are three silicone and three compressible foam* covers - sized small, medium, large, clothing clip and carry pouch.** The small covers usually fit a small ear comfortably. 1/8" (3.5 mm) headphone plug. Cord Length 4', with strain relief.

Item # SOLO Bud $15.99

*Regardless of what earbuds you own, it is recommended that you replace the earbud covers annually or whenever you notice wear and tear, to prevent pieces from going inside your ear canal.

CC EARHOOKS™

Use the CC Earhooks to securely fit the C. Crane CC Buds Solo, CC Buds Pro, or CC Buds Pro Mic. Made of soft silicone rubber for comfort and flexibility. CC Earhooks come in a pair for Right and Left ears.

Item # HOOKD Earhooks $9.99

⚠ WARNING: Cancer and Reproductive Harm. www.P65Warnings.ca.gov

WIFI SOLUTIONS

The CC Vector™ is a system to receive a long range 2.4 GHz WiFi signal from your router and repeat the signal to **all WiFi devices** in a new location which saves the cost of a new Internet service. We have three different models to choose from depending how far you are away from your router. Go to *ccrane.com/wifi_products* to view all the models in greater detail.

WiFi Knowledge Base: All WiFi repeaters drop your speed because it must do twice the work. Most people will not notice the drop because there is still enough headroom for several users. If the highest speed is critical, consider our Extended Long Range WiFi Bridge System: *https://ccrane.com/extended-long-range-wifi-bridge-system/* or getting a new internet service installed.

1. The most effective way to maximize your home WiFi coverage is to centrally locate your router in the middle of your home. Mount the router as high as possible on the 1st floor (or level that you use the internet mostly). Keep the router antenna vertical for best horizontal coverage and horizontal for best vertical coverage.

2. Avoid metal since it affects your WiFi signal in new and unusual ways. Brick and concrete type materials block the signal and will reduce your signal coverage. Move your router away from your microwave and some cordless phones if the internet slows down when they are used.

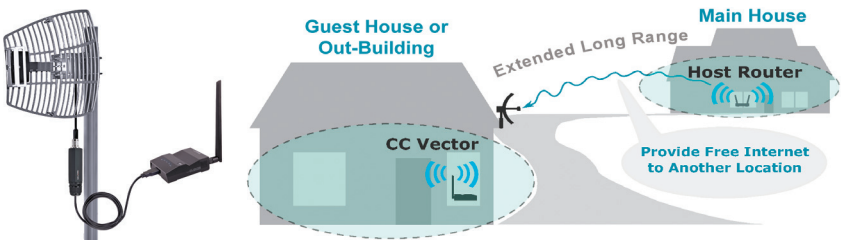
For more information on simple and free ways to improve existing WiFi reception go to: *https://ccrane.com/tips-for-improving-wifi-reception/.* The CC Vector is relatively easily for most people plus you have C. Crane's U.S. based support staff for any questions you may have.

---

1) CC Vector Extended Long Range WiFi Receiver System

How it Works: The directional antenna receives a distant available WiFi signal about 1/2 mile away (max. range is about 3 miles) * and delivers it to all WiFi devices in your barn, shop, office or other outbuilding.

Item # VEC3 $299.99



*Line of sight, without walls, trees or other obstructions. Also depends on the strength of the WiFi router.

2) CC Vector RV Long Range WiFi Receiver System

How it Works: The omnidirectional 8dBi heavy duty antenna mounts to a pole or ladder outside your vehicle and connects to the CC Vector repeater inside your vehicle up to 400' away on average from the host router. The CC Vector repeats a new WiFi signal to all WiFi devices.

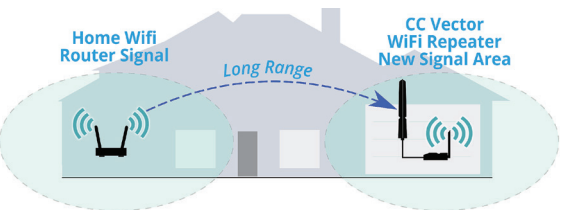
Item # VEC2 $249.99

---

3) CC Vector Home Long Range WiFi Receiver System

How it Works: Our Super USB WiFi Antenna 3 is smaller and can be located indoors or outdoors so it more favorably connects to a distant WiFi signal from your router. The antenna is wired to the CC Vector which creates a new WiFi signal for all types of WiFi devices.

Item # VEC1 $199.99



*Line of sight, without walls, trees or other obstructions. Also depends on the strength of the WiFi router.

We also offer CUSTOM SOLUTIONS for large properties, RV Parks, wineries, small hotels and schools. Please see our website: *ccrane.com/customwifi*

Our U.S. based customer service is available at 800-522-8863 or by email at: *CustomerService@ccrane.com*, Monday through Friday, 8:15 am - 12:00 pm and 1:15 pm - 5:00 pm Pacific Time. Closed on Major Holidays. For orders and catalog requests our representatives are available 24/7.

eNews Newsletter: Sign up for our eNews Newsletter and be the first to know about sales, exclusive offers and new products! We also share knowledge and insider tips.

You can subscribe at: ***ccrane.com/newsletter***

Warranty Information: Our products come with a one-year limited warranty unless otherwise noted.

Privacy Policy: We do not share or rent our mail list. To view our full privacy policy visit: *ccrane.com/privacy.* Thank you for your support.

Pricing: Unless we have an unusual circumstance, like inflation or an error, our prices and shipping costs are good through September 2022.

Repair Services: Generally, take 4-6 weeks and are completed on a first come, first serve basis. We only repair products manufactured by C. Crane. Please call so we can set up a repair order for you. Most repairs are $59.95 plus $11.95 return shipping, but charges may vary. A check for $71.90 or a credit card number must accompany the insured product. Please be sure to include current contact information including a phone number. We recommend you ship the item by a trackable method. **Please remove and keep the batteries, power cord or adapter and carry case before sending the item to us. Our repairs are warranted for one year.**

60-Day Satisfaction Guarantee: If any item fails to meet your expectations, you can return it to us within 60 days (in its original product packaging) for a full refund or credit towards another product. Please insure it. Shipping charges are non-refundable. Please call for a return authorization. A reasonable deduction may be made for any damaged or missing items.

What is a C. Crane Orphan? We sometimes have returned merchandise available at about 10% off its regular price; we call these “Orphans”. Each item is carefully checked out and thoroughly cleaned. A full factory warranty and our 60-day satisfaction guarantee applies to these bargains also. These items are limited to stock on hand so call us to find out what is available or visit our website at: *ccrane.com/orphans.*

Sales Tax: Sales tax rules may affect your purchase price. As of press time, we only collect sales tax for California and Texas, however that will be changing based on a recent ruling from the Supreme Court.

Please keep your catalog.
